Master of Business Administration (MBA)

This programme is ideal if you are interested in understanding and implementing solutions in a business setting. You will develop your analytical business skills, combining theory, tools, methods and management techniques. Building on your prior study and work experience, this programme enables you to achieve a Masters level qualification. This programme offers flexibility to fit study around existing commitments.

By attending this programme delivered at Open Learning Centre (OLC), you will have access to OLC's full academic and learning resources. The programme is validated by the University of Gloucestershire and delivered at, and by the staff of the Open Learning Centre.

Students who have completed University of Gloucestershire's (UoG's) MBA at the University have gone to work in a variety of strategic management and consultancy roles in the private and public sectors, including: accounting and finance, general management, human resources, marketing, new product development and innovation. Students will be eligible to apply to go onto study UoG's Doctorate of Business Administration (DBA) on successful completion of the MBA programme.

Award Title:

Master of Business Administration
